From: Ardagh Group/GMP In-Plant Maintenance Apprenticeship Committee, #510

(NAME OF PROGRAM)

Check Type of Standards being requested to be cancelled:

Committee Plant OJT

Number of Registered Apprentices or Trainees: 0

Reason(s):

The Ardagh Group/GMP In-Plant Maintenance Apprenticeship Committee is requesting cancellation of the program due to the decision by Ardagh Glass Packaging-North America to permanently close the Seattle production facility.

On June 17, 2024, Ardagh Glass Packaging-North America made an announcement to indefinitely curtail production at the Seattle production facility; and on November 7, 2024 made an announcement to permanently close its Seattle production facility.

The committee convened one last time to make final disposition of all remaining apprentices. Apprentices were supplied with records of their RSI and OJT experience accrued while registered to this committee. They also received information about apprenticeship programs in the same or similar industry to assist them in making application so they may continue their pursuit of a Certificate of Completion.
